ICM Capital wins the Championship at Chestertons Polo in the Park 2017

ICM Capital has announced that, for the second consecutive year, it was the proud sponsor of the England Polo team at the capital's most prestigious social events - Chesterton's Polo in the Park.

Now in its ninth year, Chestertons Polo in the Park took place on the 7th, 8th and 9th June at Hurlingham Park in Fulham, attracting crowds of around 60,000 across the three days. The tournament brought world class polo right to the heart of London and, with its vibrant atmosphere and thrilling polo on display, is now firmly established as one of London's hottest events. Six teams, representing countries from around the world, play with three-man teams on a slightly smaller field than usual, meaning the action is never far away from the spectator. The traditional rules are adapted to create a much more spectator-friendly game - perfect for polo newcomers.

This year the ICM Capital England Polo team was represented by Hazel Jackson (1), Nacho Gonzalez (3) and Jack Richardson (2). England initially trailed in the first three chukkas but fought back with three goals to beat India 7-6.

A Marquee visitor comments on the activity saying:

"Just wanted to say a massive Thank You! The caricature Booth went down a storm at the event and it would be fair to say was the highlight and talking point of the day. All of my friends have said what a great idea it is and the caricatures Rick did are superb. So nice to have "fun" photos of everyone enjoying themselves! Would thoroughly recommend your company to anyone".

ICM Capital and the Xiangxi Aide et Action

As a member of the FX Charity Foundation, ICM Capital has participated in Xiangxi Aide et Action for more than one year.

Our insistence in philanthropy lives up to our concept of giving back. We believe resourceful youths lead to a resourceful nation; wealthy youths lead to a wealthy nation; strong youths lead to a strong country. When we saw the frail little faces of children who were eager to learn, we felt it was the perfect opportunity for us to help. Although education does not always change a person's destiny, it can certainly change a person's perception and endow them with the ability to broaden their horizons. To bring positive effects to the world is part of the corporate culture in ICM Capital.

China Office

Eric Lu, General Manager - Greater China

"We are very proud to have entered China market in the beginning of 2014. Serving that part of the region has been one of the group's focus. Over the years, through the team's united effort, the ICM brand is very well received among our sophisticated Chinese audiences specially at the institutional front. With our great technology advantage and global reach, we will continue to thrive as one with a sole purpose of providing better experience for our clients."

Shanghai Money Fair 2017

Jing - Operational Manager Shanghai

"It was an absolute pleasure attending the largest foreign exchange expos in China. Held in one of the newest and most glamorous buildings in Shanghai the ICM Capital stall at the expo attracted not only the crème da la crème of the city but the average forex trader. We were able to showcase the quality of our fast execution, tight spreads, unmatched liquidity all backed up by an FCA regulated head-office."

Xi'an Brokers show 2017

Jiani Wang - Business Develop Manager

"Xi'an is a unique city located in the heart of China. Thousands of people, though interested in forex were previously unable to access the market through a well regulated broker. This is where we came in. Catering not only to the very basic needs of the everyday trader but also meeting the demands of those who had been trading with our competitors. The Xi'an expo is one we'll certainly be back at next year."
